Profile

Dear Sir / Madam, I want to let you know that this is my passion, I started my career as a web designer but my passion motivates me to do more to achieve my goal of becoming a full-stack developer. Thank God I think I am on the right track. I hope you give me a chance to prove what I can do for your company.

Major Projects

HR & Payroll Management Application, AZ-HR

It is a web-based HR & Payroll Management Application. It has been developed in a resale mode. I worked alone on the whole part of it. Visit the given URL for more information about this application..

Hospital Management Application

This is also a web-based application made for Doctor-Hair based in Kozhikode. This app includes the process from booking a patient to buying medicine from the pharmacy and some marketing tools. This too was developed by me alone. The URL cannot be added here as it is now a company product.
